When You Wish Upon a Star

When a star is born,
They possess a gift or two,
One of them is this
They have the power
To make a wish come true.

When you wish upon a star,
Makes no difference who you are,
Anything your heart desires
Will come to you
If your heart is in your dream,
No request is too extreme,
When you wish upon a star
As dreamers do.

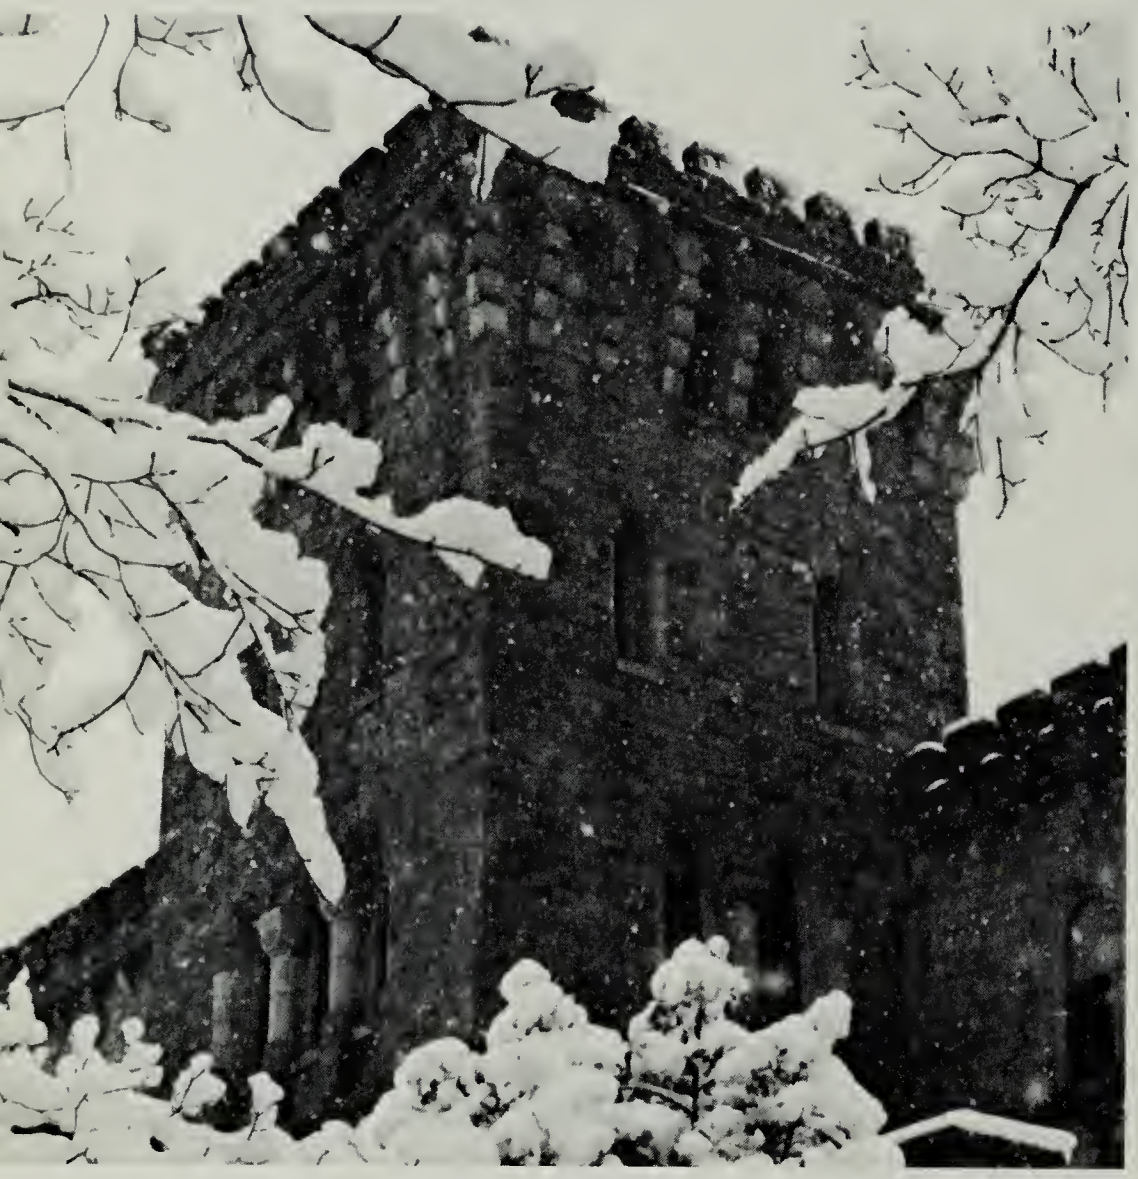
Fate is kind,
She brings to those who love,
The sweet fulfillment of their secret longing.
Like a bolt out of the blue,
Fate steps in and sees you through,
When you wish upon a star
Your dreams come true.

from Walt Disney's Pinocchio
Lyrics by Ned Washington
Music by Leigh Harline

The World Is Ours

As the brilliance of the summer sun begins to fade, we enter our sequestered world to begin our search for academic truth and clarity. Winter marks an ebb in the sun's warmth as we develop towards our individual potential and strive towards individual goals.

Spring brings a return to warmth and with it an exodus as many leave Manhattanville to face the world, each with his own vision.



In four short years, each individual interacts with others in the glow of friendship.

Interests, impressions and feelings combine to form permanent links between unique individuals. These friendships grow and develop as we shed our personal light on others and relish in the radiance around us.

As we share our lives with one another, we begin to understand the world a little bit better and develop a clearer understanding of our own direction. Goals become less shadowed and seem closer, perhaps even attainable.

MANHATTA

We broaden our own world as we reach out and draw new ideas and concepts into our soul. Like the sun in Manhattanville's seal, we have a sense of enlightenment. We begin to give guidance to our own career and realize the brightness of our own plans and achievements in view of the world around us.

Each person should revel in his own glory and bask in the warmth of the light he has to offer. No matter what direction each student is headed, he should embrace his own merits and abilities and realize that he is indeed a STAR.

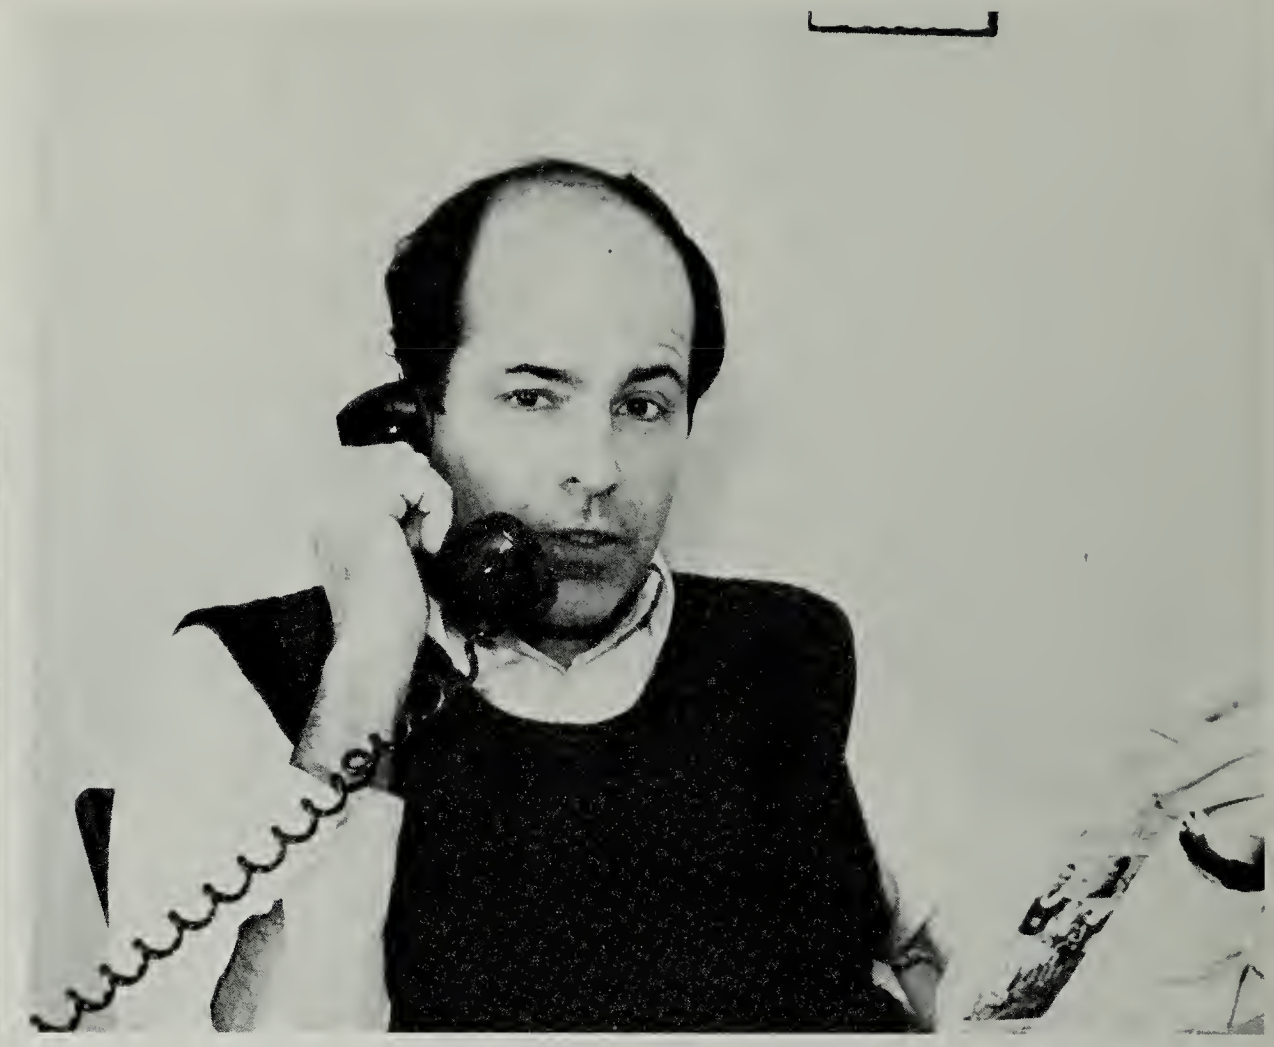
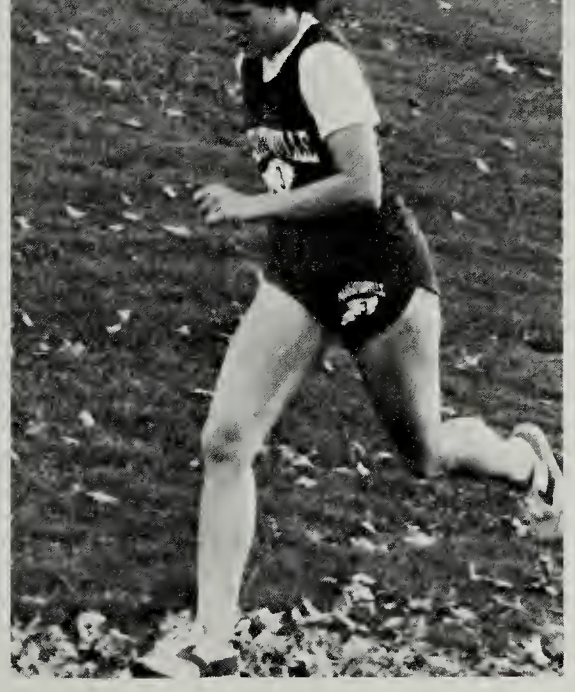
Women's Basketball



Thank You, Joel

On February 1, Manhattanville's Athletic Director, Joel Daunic parted from Manhattanville to assume the post of Director of Resource Development and Athletics at Luther High School in Orlando, Florida. In his ten years at Manhattanville, Daunic developed the athletic department from club sport status to its highly successful thirteen intercollegiate and five club sport program. Manhattanville's athletic program has gained tremendous respect on the small college level due to the dedication of Joel Daunic. The Women's basketball team, of which Daunic is assistant coach, has won three state championships in the last four years and finished seventh nationally last year, firmly establishing itself as a Division III power. Daunic has developed our athletic department to the competitive level we enjoy. The dedication and enthusiasm Joel has given to Manhattanville is a rare quality these days, and with his leaving, the athletic department and the Manhattanville community will experience a great loss. We wish Joel continued success and hope he will give Luther High School the same spirit and enthusiasm he has given to us. TOWER salutes Joel for his highly successful career here and bid him a fond farewell.



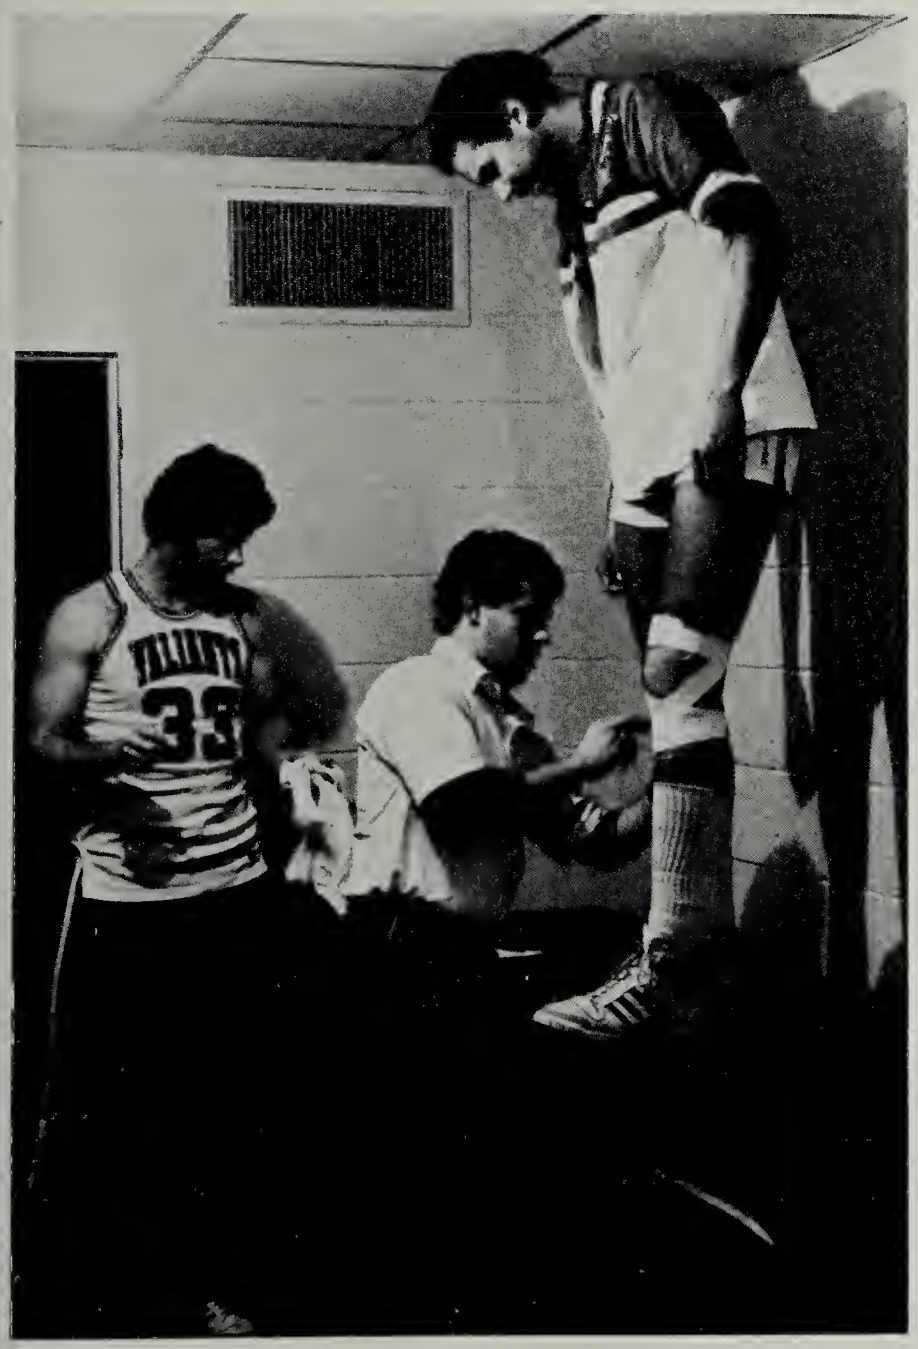
Cross Country

Coach George Blessing sent a large group of runners to this year's regionals. Marc Wagner, Fran Ricigliano, Tony Israel, Chris Nadelbach and Serrie Lico represent our Men's team. Wagner leads the team with five first place finishes this season. Leading the women's team are Sally Terrell and Jane Collaso.

(top) Back Row — Coach George Blessing, Joseph Paolino, Francis Ricigliano, Chris Nadelbach, Marc Wagner, and Serrie Lico.

Front Row — Hollis Keefe, Sally Terrell, Jane Collaso, Amy Sullivan, Amy Heiman, and Maric Gagliano.

Trainers



Manhattanville's Athletic Department is complemented by a number of dedicated students who devote many hours of their time to the training of our athletes. Lou Fairchild, Sue Raiti, and Bob Sprague have proved themselves irreplacable to our teams. The students of Manhattanville express much appreciation for the service of these students.

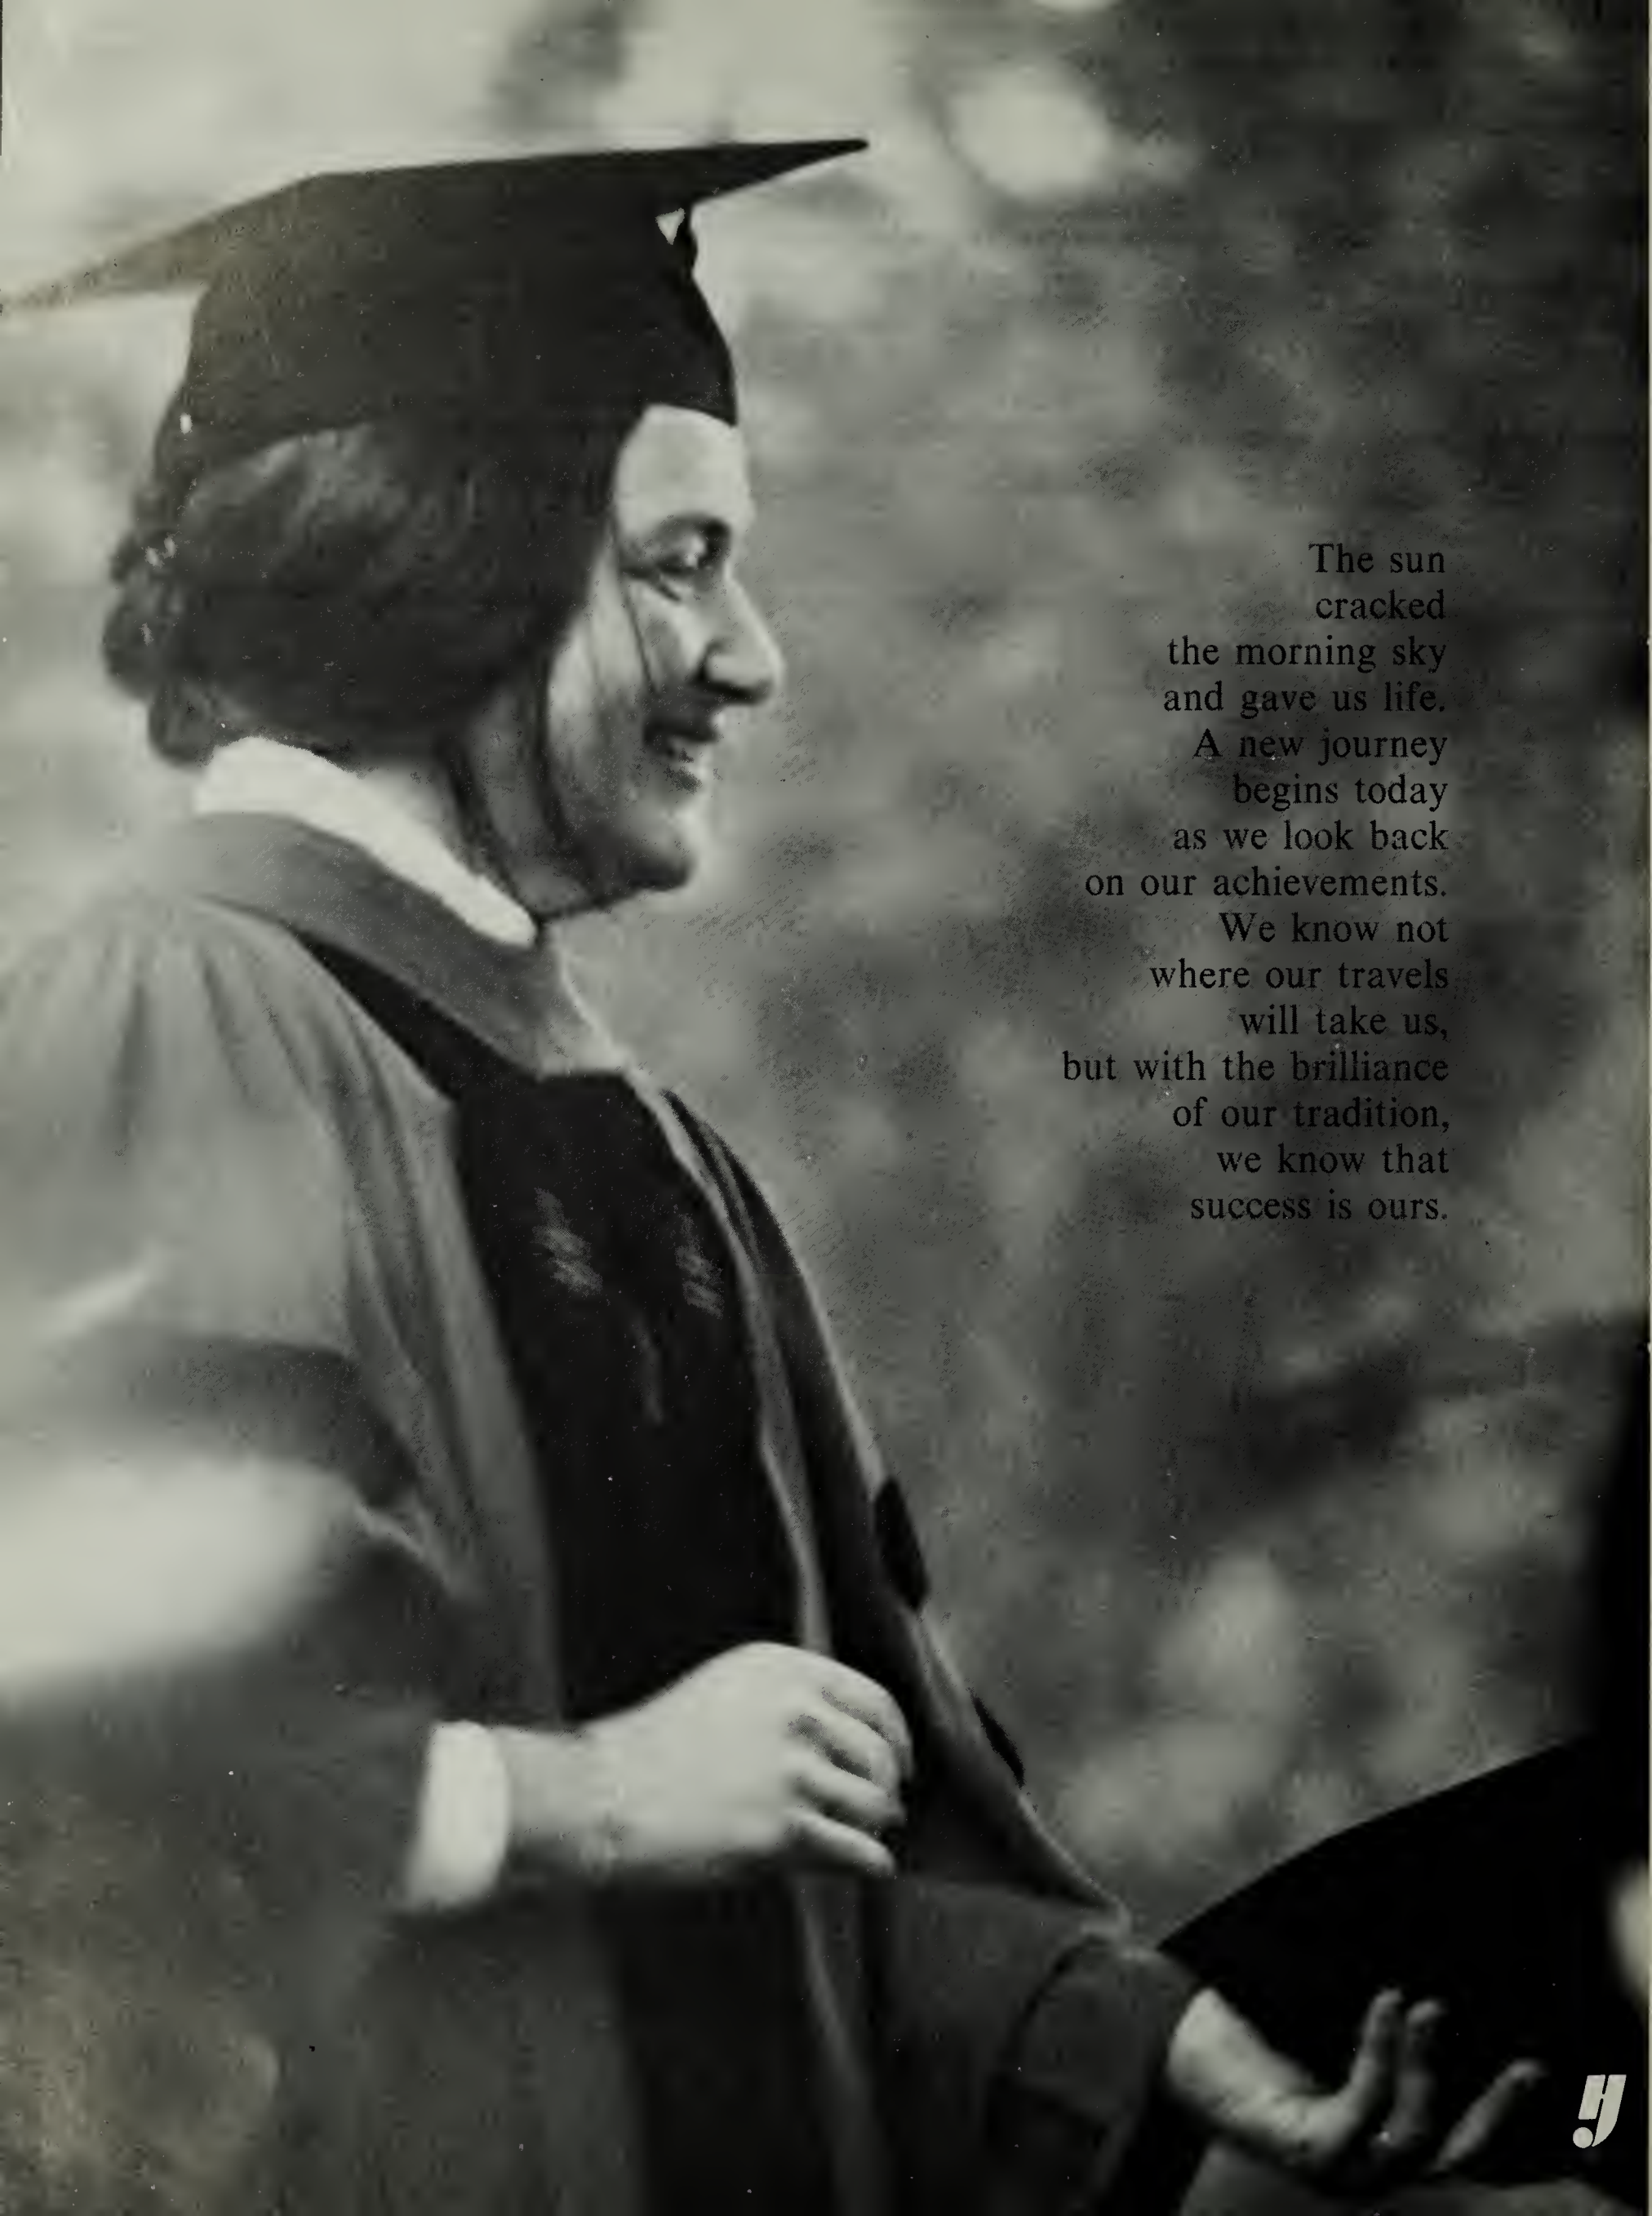
The Editors of TOWER 1983 dedicate this book to the graduating class of 1983.

It was we who, four years ago, were taking the first steps toward a different, challenging and new world.

It was we who, four years ago, saw this moment as far away and impossible to attain.

It was we who cried, laughed, struggled, played, studied, and most important of all, matured and learned about ourselves.



The sun
cracked
the morning sky
and gave us life.
A new journey
begins today
as we look back
on our achievements.
We know not
where our travels
will take us,
but with the brilliance
of our tradition,
we know that
success is ours.
